"HELLO, DOLLIES!"
Famed Venice sculptor admits his latest creations are just some latex, hot air and inspiration. "But I got the idea from a pornographic rubber goods catalog," he points out.

Tushy in a truck? Yup! That's Caroline, a lady who looks sexy even at work!

It's been two long years since these pages have shimmered to the magic of Cara Peters. Since that time there's been some major developments in her super superstructure. Today she's a ripe 38-22-36. If that isn't magic, you'd better go back to pulling rabbits out of hats.

«SPACE VAMPIRES 2»

TORNA SEMPRE LUOGO 'SUCCHIOTTO'

Matilda May è di origine francese, ma vive e lavora in Inghilterra.

penda ragazza di origine francese (vive e lavora in Inghilterra) che è diventata d'un tratto un'attrice famosa facendo la «vampira spaziale» nel film «Space Vampires» (di cui a suo tempo abbiamo ampiamente parlato su BLIZ), sta per tornare sul set per interpretare il seguito della pellicola, che ha riscosso notevole successo.

«In questo secondo film - spiega Matilda - avrò molto più spazio che nel primo, dove avevo un ruolo tutto sommato piuttosto marginale. In "Space Vampires 2" sarò di fatto io la protagonista assoluta del film, in quanto la produzione intende avvicinarsi al modello del serial televisivo "Visitors", dove le donne aliene sono quasi più importanti dei maschi».

Insomma, da «vampira spaziale» di seconda fila (più da guardare che altro) Matilda viene promossa, con questo film, a «vampira» di prima classe. Per cui potremo ammirarla, in «Space Vampires 2», in una gamma vastissima di mortali e goduriosissimi «succhiotti».
